Quote: "Being a Laura W. Bush Scholar means that I get to continually make strides in achieving my dreams of becoming an OB/GYN through my undergraduate education at the University of Washington. Having the support of the Dolphin Scholarship Foundation gives me the ability to focus on my studies and follow opportunities to become a better student and future physician. My goal, through life long education and volunteer work, is to become an advocate for women and children throughout the world. The Laura W. Bush scholarship allows me the necessary help to achieve this dream."

Named Scholarship:

Laura W. Bush Scholar
